• OUR 41st YEAR IN ALABAMA •

Brandon-Nashville

Chase, Alabama,
September 19, 1931

To the Trade:

Still the Buyer's Market continues. By scanning this list you will quickly see that the downward trend of price continues. We are wondering if the nurseryman's profit can continue. If our old friends, Thrift and Economy, are welcomed back on the job, maybe there will be a showing of profit. Remember how close they were to us back before the war?

In July our Secretary-Treasurer R. C. Chase sailed for Honolulu on a long delayed vacation. His parting words were:

> "Be thrifty, but keep the quality up—as economically as may be, BUT KEEP IT UP!"

Economy that cheapens or lowers the quality of the product is not true economy. True economy, for instance, may mean an actual increased cost in cultivation or in additional root-pruning, or the more frequent shearing of evergreens, or it may mean an added investment in needed equipment—the trick is in deciding right as to whether or not it is really needed. He who can decide right fifty-one per cent of the time is good; if he can score 60 or more he is a wonder. The practice of true economy is the salvation of the wholesaler on this market. All of us should be learning a lot these days about cutting corners, plugging holes, watching credits and costs. Who said, "He who is thrifty at all times is comfortable in hard times?"

Having delivered ourselves of this preachment on thrift and economy, may we say that it is a good time to analyze your own production costs and see if perhaps the items you use in largest quantity cannot be bought from the wholesaler at less cost than you are actually paying to produce them yourselves?

This is an age of specialization, and it is our ambition to be known as specialists in the quantity production of Quality Nursery Products. We grow Ornamentals only for the wholesale trade exclusively.

The growing season here has been most favorable; our nursery fields were never cleaner; our growing nursery stock was never more thrifty and vigorous and our thrift program has not, will not, jeopardize the quality, nor will it jeopardize one iota the supervision and care in digging, balling, grading and handling.

To our many old friends and customers who have helped us build this business over forty years, sincere greetings, salutations and thanks. To those in the trade who now receive our Trade List for the first time perhaps, or who have not yet tried us out, a kindly welcome and our best efforts await your appreciated orders.

Yours very truly,

CHASE NURSERY COMPANY.

SPECIAL NOTICE—This list is intended for the TRADE ONLY. If it reaches people NOT entitled to Trade Prices, we will thank any Nurseryman or Florist to advise us, so that our mailing list may be corrected. We do not employ agents. We do not sell at retail. We do not pack dealer's orders on our grounds. We do not authorize dealers to use our name.

TERMS AND CONDITIONS

SHIPMENTS

Please state how you want your shipments made, whether by freight or express; also route. Where no instructions are given, we will ship as we think best serves your interests without assuming responsibility.

The risk and cost of transportation belong to purchaser.

TERMS

Discount 2% for cash with order.

Net 30 days "E. O. M."—30 days from End-Of-Month following shipment (except that late shipments for storage are due June 1st).

C. O. D. Orders must be accompanied by one-fourth cash.

Past Due Accounts draw legal rate of interest.

PRICES

We quote prices per 10, per 100, per 1,000 as our stock warrants, except evergreens which are now priced "per each", and will supply nurserymen and dealers at prices named regardless of the size of the order, **except in cases of long assorted lists of small quantities, when an additional charge will be made to cover the extra labor involved.** Prices are subject to market changes.

Prices do not include packing charges except on bulk car shipments—see "Boxing", page 3.

GRADES

We grade liberally. All shrubs of specified sizes are well furnished and well rooted. Culls are as rigidly excluded from the lightest grades listed as from the heavier stock. Our rule is, "WHEN IN DOUBT, PUT IT IN THE LOWER GRADE." Detailed information as to our method of grading Hedge Plants and Roses is given elsewhere in this list.

LIABILITY AND CLAIMS

We are not liable for injury to stock from frost, hail, fire, or other causes beyond our control, and book all orders with this understanding. While we use every means at our command to secure prompt delivery, **we are not liable for delays in transit; our responsibility ends upon delivery in good order to railway company.** Remedy for loss must lie between the buyer and the railway company, but we will gladly render all the aid we can. All claims must be made immediately after receipt of stock.

NON-WARRANTY CLAUSE

We give no warranty, express or implied, as to description, quality, productiveness, or any other matter, of any nursery stock, seeds, bulbs or plants we sell.

OUR OFFICE AT CHASE

CODE WORDS—TELEGRAPHIC ORDERS

When more than one grade is listed, a code word is used. Much expense can be saved in telegraphic orders by using these code words.

BOXING

Charges as low as possible for well-made boxes, paper-lined:

	7½ ft.	9½ ft.
30 x 30	$3.50	$4.00
24 x 30	3.25	3.50
24 x 24	3.00	3.25
18 x 24	2.50	2.75
18 x 18	2.25	2.50
15 x 15	1.75	.....
12 x 12	1.50	.....

On orders for roses, small shrubs, etc., we can frequently use dry goods cases or shoe boxes at lower cost, and shall endeavor at all times to make lowest possible charges.

Bales: **25c** to **$3.50,** according to size.

There is no packing charge on bulk car loads.

REFERENCE

As to our standing and responsibility we refer to any bank or business house in Huntsville, Alabama, the Commercial Agencies, and the leading nurserymen of the United States.

MARYLAND, November 19th, 1930—"The stock came in and opened and checked up fine. No mistakes, no undergrades. Well packed and order rushed. My motto is when I want good stock promptly filled, try Chase."

OHIO, December 15th, 1930—"Nursery stock received in wonderful condition. Thanks."

TENNESSEE, December 18th, 1930—"This is the thirty-fifth year we have been dealing with you and have never been disappointed."

PENNSYLVANIA, December 16th, 1930—"The Irish Juniper came in in good shape, and I was exceptionally well pleased with them."

MICHIGAN, March 27th, 1931—"Your car received, and it was a nice lot of stock."

All Conifers listed have been at least twice transplanted, frequently root pruned and sheared. They will be dug with a firm ball and securely burlapped at price quoted.

NOTICE—We are trying out the unit or "per each" method of pricing Coniferous and Broadleaved Evergreens. Heretofore, we have priced "Per 10" or "Per 100", as our supply warranted (see Prices, page 2). Now, with a well balanced stock we think a change to this simple method of "Per Each" pricing is a step ahead. Please tell us how it appeals to you. Would more descriptive matter on Conifers (see Juniperus Excelsa Stricta for instance) be helpful?

NOTE—Because the Rugosa type of rose thrives as well in the cold Dakotas as on the Gulf (and all in between) and because they carry bloom all summer, big red seed pods in winter; rich, ragged distinctive foliage until late frosts, they are being used more and more in foundation plantings, working into shrub borders, etc., etc. A little pruning easily keeps them within bounds.

BUDDED ROSES

Note stockiness. Roots good as tops.

LINING-OUT STOCK
FOR
FALL 1931—SPRING 1932

This Lining-Out Stock is all grown from cuttings, except as noted, and grown in NURSERY ROWS where it has had a full season of cultivation with plenty of room to develop properly. This method makes for vigor, stockiness, weight, character, and produces a root system that enables the plant to carry on. We gladly invite a comparison with bed or bench-grown stock on all these points, and another as to stand and growth at the end of the growing season. Ask almost any nurseryman anywhere as to his success with "Chase's Alabama Grown" Lining-Out Stock.

Quantities limited on some items. Orders booked in rotation as received. Prices named apply regardless of quantity ordered except that we cannot break bunches (tied in 25's). Late fall, winter or spring shipment as desired. Early orders insure complete assortment.

Nurserymen's Supplies

Shall we continue stocking Supplies? Much discussion have we had on this question—profits very short—investment large—should be cash-with-order while some customers expect same terms as on nursery stock, etc., etc., etc. Many customers tell us repeatedly that this department renders a real service, that the stocking of tested and tried Supplies at Chase is a great convenience to them. We appreciate these expressions and will continue another season, placing the Supplies Department on as near a cash basis as possible—see TERMS following—and hope results will warrant its continuance.

Note: As a result of buying in quantity at the lowest prices in years we are showing 68 price reductions on Supplies as compared with last season's catalog—AND THE QUALITY OF EVERY ITEM REMAINS UNCHANGED.

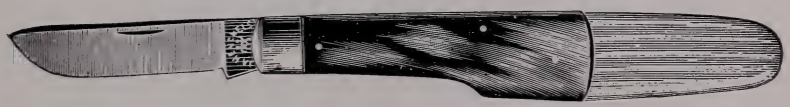
Short profit on these items really warrants cash-with-order terms, but realizing the inconvenience of such terms we will gladly ship open to buyers of known credit standing. PLEASE HELP US MAINTAIN THIS SERVICE BY PROMPT PAYMENT OF INVOICES.

Note: Orders for half-dozen will be supplied at the dozen rate.

KNIVES

Some of these knives are especially made for us by one of the great cutlery makers who has a reputation for quality. All knives offered are dependable brands, selected after testing out in our own nursery work.

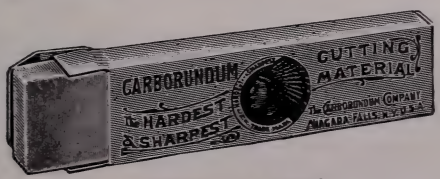


HEAVY IMPORTED BUDDING KNIFE WITH IVORY TIP
(¾ SIZE)

This is a REAL Budding Knife. Well made, heavy brass lining; blade of highest quality steel; ivory tip. **Price each, postpaid, $1.55; per dozen, $17.40, postage extra.**

STATIONARY HANDLE BUDDING KNIFE
(¾ SIZE)

Note shape, size and "hang" of blade. Blade does not fold and so is not as convenient for the pocket, but it is a mighty good budding knife at a low price. **Each, postpaid, 45c; per dozen, $4.50, postage extra.**



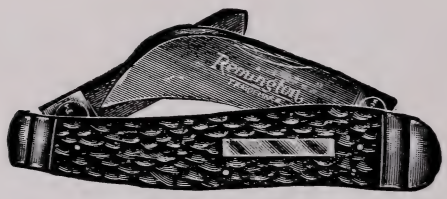
WHETSTONE

The best Budders and Grafters Whetstone. Pocket size, Carborundum. **Each, postpaid, 20c; per dozen, $2.00, postage extra.**

The two Remington combination nursery knives listed below were added to our stock about five years ago after a thorough tryout in our own work. They are good.

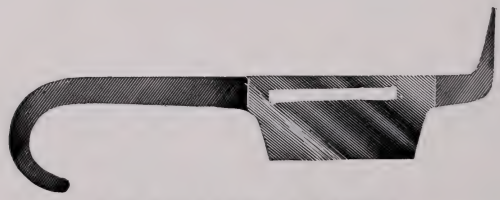
BUDDER AND GRAFTER COMBINATION

Two Blades, 1 Budding and 1 Grafting. Lined with brass; is strong and well made. Cannot be beat for a high-grade pocket knife. **Price, each, $1.40, postpaid. Price per dozen, $15.75, postage extra.**



PRUNER AND BUDDER COMBINATION

Stag Handle, Two Blades, 1 Pruning and 1 Budding. First quality materials used throughout. A compact tool for all summer work on the small nursery. **Price each, $1.40, postpaid. Price per dozen, $15.75, postage extra.**



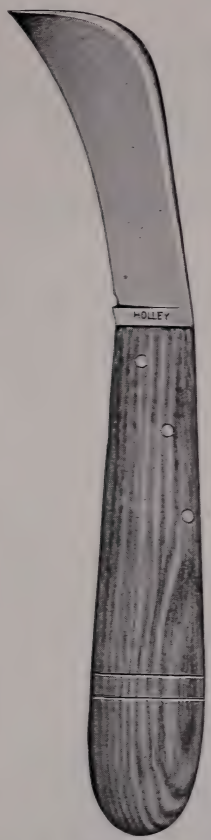
GRAFTING CHISEL

For top grafting large limbs. All metal, 9 inches long, cutting edge 2¾ inches. Strong wedge on end. **Price each, postpaid, $1.35.**

LOUISIANA—"The Jumbo Grafting Knife is the kind of tool we have been looking for for pecan work. We are sure that it will sell on sight to any one who grafts pecans; have shown it to several, all wanted to buy it."

MISSISSIPPI—"I am sending in a pair of French shears for 'Steve' to fix up. A new handle will make the whole shears as good as new, I think. These French shears are the best I have ever used."

TENNESSEE—"We have tried the waxed grafting thread, and think it is just right."



C. A. G. Pruner

C.A.G. PRUNER

Stationary handle; full length 8 inches; length of blade 3¼ inches; well balanced "hook" and easy on the operator. Handle of hardwood fastened with three rivets set diagonally. After testing out this knife in our own work we offer it to the trade as the best Pruning Knife of reasonable cost that we can find. **Price 80c each, postpaid; $8.25 per dozen, postage extra.**

STATIONARY GRAFTER

(Blade does not fold)
A bully good "stiff" Grafting Knife well made of fine steel. **Price each, 65c, postpaid; $6.25 per dozen, postage extra.**

Stationary Grafter (¾ Size)

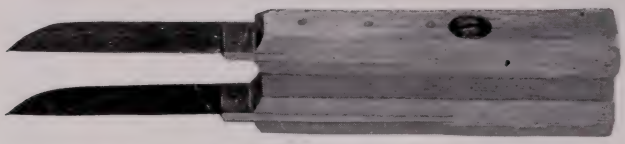
C.A.G. GRAFTER

It is more knife for grafting and general use for the money than any on the market. Makes a good serviceable pocket knife. Cocoa handle. **65c each, postpaid; $6.25 per dozen, postage extra.**

C. A. G. Grafter (¾ Size)

JUMBO PECAN GRAFTING KNIFE

Extra size and strength for field grafting Pecans or other heavy stocks. Length over all 8 inches; blade 3¼ inches; fastened in solid handle with three strong pins. Best quality cutlery steel. **Price, each, postpaid, 95c; per dozen, postage extra, $10.00.**



DOUBLE-BLADED PECAN BUDDER

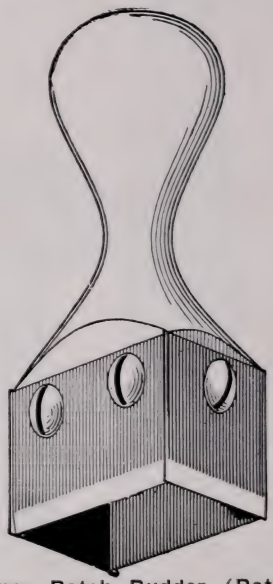
(For Ring Budding)

Two straight-handled, high-grade knives set perfectly true with blades 7-8 inch apart. Fastened with special screw and dowel pins; easily taken apart for sharpening, and just as easily reassembled. Preferred by many Pecan budders over all other makes or styles. **Price, postpaid, each, $1.75.**

JONES PATCH BUDDER

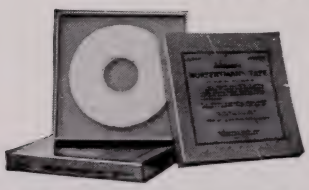
Designed especially for budding Nut Trees or other subjects which cannot be propagated by ordinary methods. With this Budder, Pecans, Walnuts, Hickories, Chestnuts, Persimmons, etc., may be budded successfully.

Made of aluminum, machined perfectly true and nicely finished. The blades are made from safety razor blade steel, but of heavier stock. With full directions for budding Nut Trees, handling buds, preparing waxed muslin, etc. **Price, $1.75 each, postpaid.**



The Jones Patch Budder (Patented)

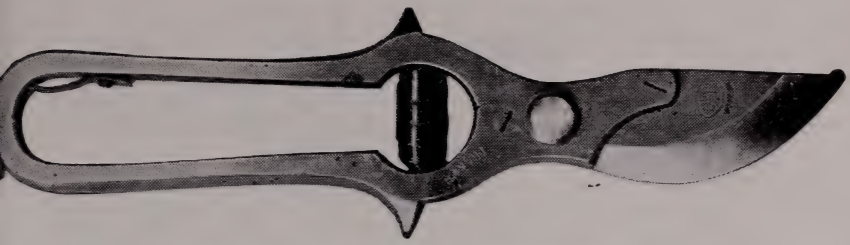
JOHNSON'S NURSERYMAN'S TAPE



Johnson's Nurseryman's Tape

An adhesive tape especially prepared for wrapping grafts and buds. Forms a stick-fast, air-tight, water-proof seal. Adds greater strength at union reducing losses in planting and handling. No exposed callus, thereby reducing the root enlargement at union so often called "Crown Gall." Now used extensively by the larger growers of apple trees. Fine for wrapping top worked Pecans (either budded or grafted). Half inch wide, 36 yards per roll. **Price, per roll, postpaid, 50c.** Write for quantity price.

OHIO—"Mail one pair French Shears. Can't get along without this grade of shears for my personal use—it's my hip-pocket companion."



FRENCH PRUNING SHEARS

We have imported and used and sold these French Shears for more than twenty-five years. We have tried out many other makes but, all things considered, we regard them as THE GREATEST VALUE IN PRUNING SHEARS. They are beautifully made of high-grade metal, easy to operate, grip just right for continuous work. We import these direct from France in increasing quantity.

The 9-inch is best for "cutting back" and all heavy work.
The 8-inch is just right for making hard wood cuttings.
The 7-inch is exactly right for cutting scions, pruning and cutting roses, greenhouse work, etc.

Note: The size now listed as 7-inch measures a trifle over seven inches though heretofore described as 6-inch.

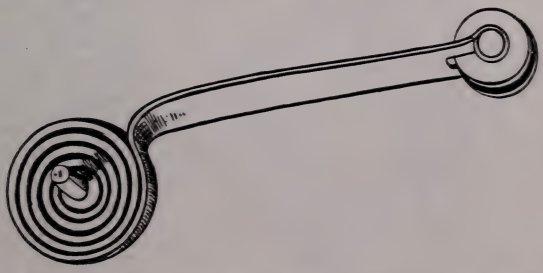
PRICES

9-inch, per pair, postpaid	**$ 2.35**
Per dozen (weight 11 lbs.)	**25.00**
8-inch, per pair, postpaid	**2.10**
Per dozen (weight 7 lbs.)	**22.00**
7-inch, per pair, postpaid	**1.85**
Per dozen (weight 5½ lbs.)	**19.00**

Half dozens at the dozen rate and you may assort the half dozen in all three sizes if desired. The quoted price per dozen is f. o. b. Chase.

If you have some used French Shears that need adjusting, new blades, bolts, springs, etc., send them in and our "Steve" will put them in shape (if anyone can) and return them promptly at very reasonable cost. Steve is a wonder.

Extra Springs for French Shears, Volute type. **Each, postpaid, 15c.**

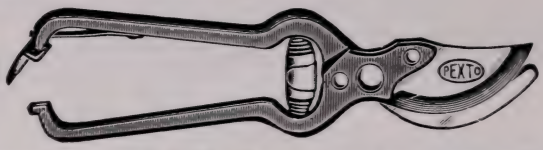


Extra Springs for French Shears, Roller type. **Each, postpaid, 20c.**

Note: All French Shears are now supplied with Volute Springs, but we carry the old style Roller type spring in stock. In ordering state SIZE AND TYPE.

PRUNING SHEARS—Continued

AMERICAN 9-INCH



This is a low-priced, well-built, heavy pruning shear of the best value for the price we can find. Have handled these for many years. Where a cheap shear is wanted this is the one. Weight, 14 ounces. Volute steel spring. **Price, per pair, postpaid, 85c; per dozen, $8.00, postage extra.**

Note: We can furnish extra springs and extra bolts, **each, postpaid, 15c.**

GENUINE OLIVER AMES HEAVY (9-POUND) D HANDLE NURSERY SPADE

With Tapered Blade

Half-dozens, all spades and handles, at the dozen rate.

Our soil is a stiff heavy red clay and for continuous hard nursery digging we can find none better than this heavy double strapped genuine Oliver Ames Nursery Spade. The straps (both sides) run full length of handle; blade is tapered from 7½ inches at top to 5½ at point. Weight, 9 lbs. **Price, each, $3.25; per dozen, $37.00.**

EXTRA HANDLES

For Above Spade

Riveted and bent to fit. Will save many a good spade now in the discard because of broken handle. **Price, each, 70c; dozen, $7.50.**

LIGHT (6¾ POUND) DOUBLE STRAPPED "CHASE" TAPERED NURSERY SPADE

This lighter Spade is preferred in many sections. It is made to our order from ONE PIECE highest grade heat treated steel. The double straps are 18 inches, giving ample strength for this weight. Blade is 12 by 7 inches tapered to 5 inches with clipped corners. Handle carries metal "D" grip. **Price, each, $2.65; per dozen, $28.50.**

GENUINE OLIVER AMES 9½-POUND, LONG-HANDLED, DOUBLE-STRAPPED, PECAN SPADE

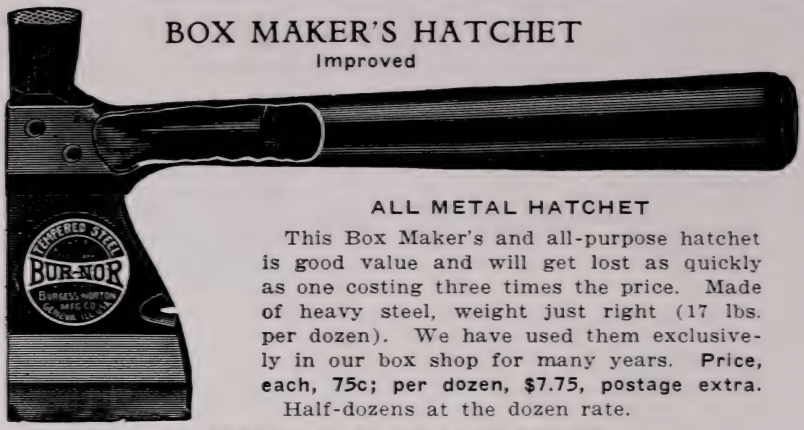
With Square Blade

For Pecan growers particularly, who need extra length of handle coupled with good weight and great strength. Same spade in every way as the 9-pound Ames D. Handle Nursery Spade except that it has a long, straight handle and a square blade, which works better in sandy or light soils. Weight, 9½ lbs.; handle 4½ feet long. **Price, each, $3.40; per dozen, $39.00.**

MISSISSIPPI—"We received Pruning Saw which we ordered as a sample, and are asking that you ship us today one dozen of these Pruning Saws. We are going to use them as Xmas gifts."

BOX MAKER'S HATCHET

Improved



ALL METAL HATCHET

This Box Maker's and all-purpose hatchet is good value and will get lost as quickly as one costing three times the price. Made of heavy steel, weight just right (17 lbs. per dozen). We have used them exclusively in our box shop for many years. **Price, each, 75c; per dozen, $7.75, postage extra.** Half-dozens at the dozen rate.

SPADING-DIGGING FORK

SPADING-DIGGING FORK—English model: square tines 12 inches long. Far easier on operator than any flat tine fork. Costs more than the usual run but worth more; will outlast many cheap ones. Very strong; fork, shank and strap is one piece of steel. If you have never used a square tined fork you will get a real "kick" out of this one—and it's time you changed. **Price, each, $2.25; per dozen, $25.50.**

SOUTHERN QUEEN WEEDING HOE

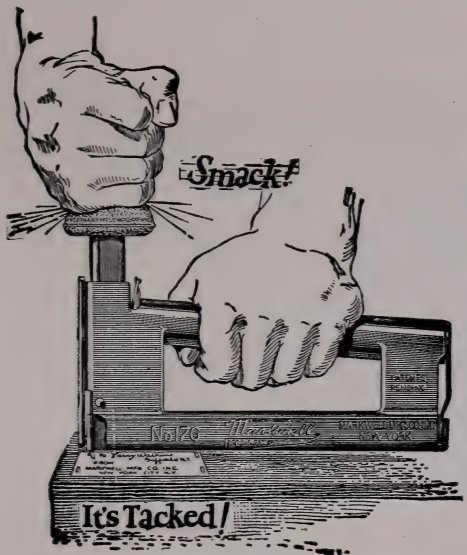
For general nursery work the most satisfactory weeding hoe. Blade is 3½ inches wide. The tapered point is mighty handy in closely planted stocks. **Price, each, $1.15; per dozen, $12.50.**

ILLINOIS—"We received the spades and burlap today, and thank you for shipping them out so promptly. We are well pleased with the goods, and if we need any more, will give you the order."

CALIFORNIA—"Was away from home when the Grafting Thread ordered from you arrived, but when I returned, I examined same and find it to be the best quality grafting thread we have ever used."

ILLINOIS—"I bought some grafting thread from you and another manufacturer, and I like your thread the best. It is larger and does not cut the fingers as much in wrapping, also it is some stronger."

LOUISIANA—"Thank you for sending the painted labels in place of the plain ones. I think they are far better than the plain labels and well worth the extra cost."



Markwell Tacker

NEW "MARKWELL" TACKER

After a thorough test, we have adopted this "Markwell" Tacker as the very best machine of its kind. Uses a chemically-attached ready cut staple, therefore has no cutting blades to get out of order or clog. Loads 105 staples at a time. Reserve chamber in handle holds 420 staples. Costs a little more but will last for years. Unconditionally guaranteed for 12 months. **Price, Tacker, $5.50, postage extra; Staples in packages of 5,040, $2.75, postage extra.**

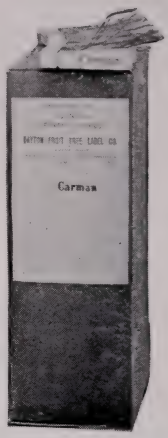
HOTCHKISS STAPLES

We can supply Hotchkiss Staples as usual. These fit the Hotchkiss Tacker, which we have now discontinued in favor of the "Markwell" described above. Always specify "Hotchkiss" when the staples are wanted for that machine. **Hotchkiss Staples, price per box, $1.50, postage extra.**

ALABAMA MULE SKIN MITTENS

MULE SKIN MITTENS—The old reliable; made of Alabama Mule Skin, nearly as durable as buckskin. We can find no heavy work-glove or mitten that gives greater value for the money. **Price, per pair, postpaid, 90c; per dozen, $9.50, postage extra.** Orders for half-dozen at the dozen rate.

LABELS



Plain Wood Labels — Printed Wood Labels

PLAIN IRON WIRED—3½ inches, plain, 1,000 to package; per thousand, $1.65; in 5,000 lots, per thousand, $1.60; in 10,000 lots, per thousand, $1.50.

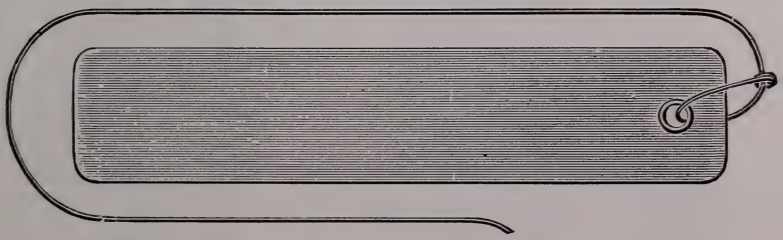
PAINTED FLORISTS 6-INCH POT LABEL—Same as above except painted white on one side. **Price per 1,000, $2.50.**

PLAIN FLORISTS 8-INCH POT LABEL—We dropped this size a year ago but have reinstated it because of numerous requests for this size which is 8x⅞". Packed 250 to the box. **Price per box, $1.25.**

PAINTED FLORISTS 8-INCH POT LABEL—Same as above except painted white on one side. Packed 250 to box. **Price per box, $1.50.**

(Please always state if wanted Plain or Painted.)



SHEET COPPER PERMANENT LABEL

An indestructible label for use on trees, shrubs, etc., as a PERMANENT MARKER. Directions: Lay label on folded newspaper; write with very hard pencil or wire nail, bearing on to indent metal. Give wire one turn around branch, securing end in loop. Remove to smaller branch every two years to prevent cutting wood. **Price, per 10, postpaid, 35c; per 50, postpaid, 85c; per 100, postpaid, $1.50.**

CORDAGE, TWINE, BURLAP, ETC.

Bale of Wool Twine

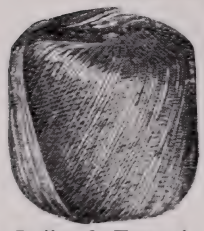
WOOL TWINE

Four Ply—For tying in bunches; in balls of about one pound each; packed in bales of about 160 pounds each. **Per pound, less than bale lots, 18½c; per pound in full bale lots, 16c.**

WOOL TWINE

Three Ply — For bunching small fruits, roses, etc., this is plenty strong, and because of the greater yardage is cheaper. Per pound, 1 cent over four ply.

TARRED SISAL BUNCHING TWINE



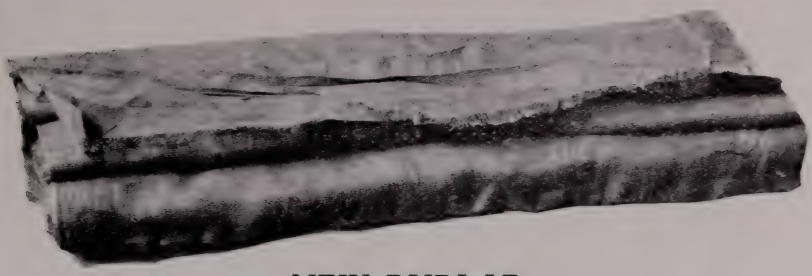
Ball of Tarred Sisal Bunching Twine

A high grade one ply sisal lightly impregnated with Tar which prevents its rotting while in winter storage cellars. Runs about 240 feet to the pound; single end; in balls of about five pounds. **Price, under 50 lbs., per pound, 15c; 50 to 100 lbs., per pound, 14½c; 100 lbs. or more, per pound, 14¼c.**

Reels of Sisal Express Cord

SISAL EXPRESS CORD

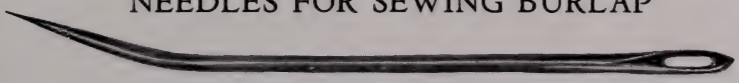
For tying bales of nursery stock there is nothing as good as a GOOD Sisal Cord. This is a two ply, high quality sisal from one of the largest mills noted for its uniform, dependable products. It costs a fraction of a cent more per pound, but is worth it. Comes on reels of about 50 pounds each, single end. Cannot break reels. **Price, 14½c per pound.**



NEW BURLAP

Now so cheap we can all use brand-new bright clean burlap —and it certainly does dress up a bale or a ball. Weight, 7½ ounces per yard; 40 inches wide, 100 yard bolts. PRICE, IF MUST BREAK BOLTS, PER YARD, 6½c; FULL BOLTS, PER YARD, 5¾c.

NEEDLES FOR SEWING BURLAP



The highest grade Bagging Needle we can find. Large stiff shaft; wide, flat shank; sharp point, and large eye. Now furnished in two sizes. (Our boys like the larger size.) **Prices, 5-inch, per dozen, postpaid, 50c; 7-inch, per dozen, postpaid, 95c.**

(Note difference in 5″ and 7″ Needles)

50 lb. Reel "Plattcd" Skein 25 lb. Reel
(10 lb. Packages)

COTTON SAIL TWINE—For Sewing Burlap

We prefer Cotton sewing twine to Jute but usually the price is much higher. This year the price is lower. IN SKEINS of about half-pound in packages of about 10 lbs. **Price, less than package, per lb., 25c; full packages, per lb., 22c. In reels of about 50 lbs., many ends, per lb., 20c; in reels of about 25 lbs., per lb., 21c.**

(Direct shipment from mill where express or freight is less.)

JUTE SAIL TWINE

In skeins of half-pound each in packages of 12 pounds each. **Price, to close out, any quantity, per lb., 25c.**

NOTE: To keep your sewing twine in skeins (either cotton or jute) from kinking and snarling, first, cut through all threads where the "tie string" surrounds them; let someone hold one end of the "many ends" or tie fast to something; step back full length of the cut string and grasp other end between the knees, reach out and divide the skein into three parts and "plat" or braid them for two feet or so AND THEN SLIP THE END FROM BETWEEN YOUR KNEES THROUGH A LOOP IN THE "PLAT" and pull straight. Your twine will lay flat, each string, just the right length, will pull free as needed.

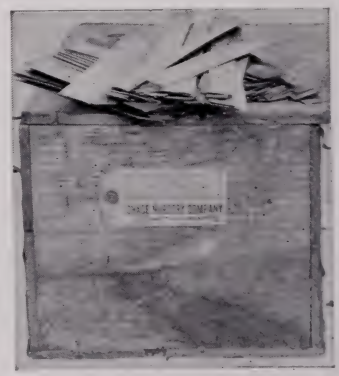
BOX LINING PAPER

KRAFT PAPER

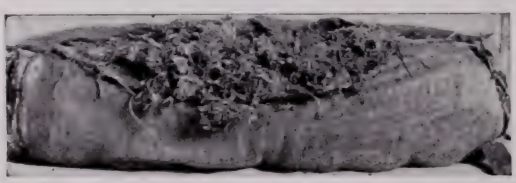
The same high-grade Kraft paper that we have handled for many years, the best we can buy. It is more economical than cheaper grades because of greater yardage and strength. Has body enough to resist moisture to a considerable degree. One of our customers says that he **"used again"** the paper from boxes of nursery stock received from us—and those boxes had been in cold storage for ten weeks. Put up in rolls of about 50 pounds each; widths 30, 36 and 40 inches. Cannot break rolls. **Price, per pound, 5¼c.**

BOX STRAPS

STEEL BOX STRAPS—One inch wide, 9 inches long, thin, soft steel, strong enough to hold the heaviest box. You can drive an ordinary nail through it without punching. About 2,300 pieces in 100 pounds. **Less than 50 pounds, per lb., 8c; 50-lb. boxes, per lb., 7c.**

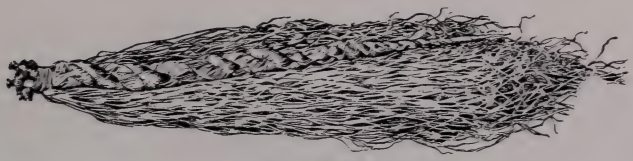


50-lb. Box Steel Box Straps



SPHAGNUM MOSS IN BURLAPPED BALES

New fresh stock from Wisconsin. In burlap-wrapped bales size 14x16x46 inches. The material is almost bone dry and its weight (around 20 lbs. when received) is not guaranteed. Almost indispensable to Florists and Plant Shippers and for packing down bud sticks. **Price, per bale, $1.35; in 10-bale lots, $1.25 per bale.**

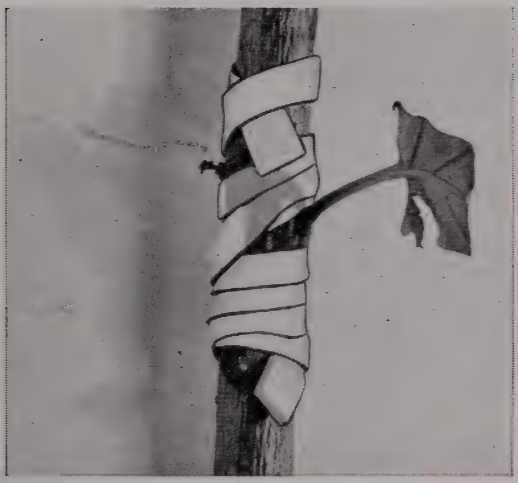


RAFFIA

Best quality. One pound will wrap about 2,500 average peach stocks when June budding, or about 1,000 average rose stocks. Put up in bundles ready for quick shipment. Prices:

In lots less than 5 lbs., per pound	35c
In bundles of 5 lbs., per pound	30c
In bundles of 10 lbs., per pound	27½c
In bundles of 25 lbs., per pound	26c
In bundles of 50 lbs., per pound	23½c
In bundles of 100 lbs., per pound	22½c

RUBBER BUDDING STRIPS



For tying buds, Rubber strips are gaining favor rapidly. Made of live rubber, will stretch over four times its length. Holds its "grip" for about two weeks, then slackens so that all cutting loose is eliminated, saving a lot of labor cost. Rubber "gives" with the growth, does not strangle or girdle the stock. Easy to handle, inexperienced help soon become experts. Once tied it does not slack or slip. One size in stock, 4-inch, best for general use, running about 950 strips per pound.

Price per pound F. O. B. Chase, except as noted:

Under 10 lbs., per pound, postpaid	$1.15
10 to 25 lbs., per pound, f.o.b. Chase	1.05
25 to 50 lbs., per pound, f.o.b. Chase	.95
50 to 100 lbs., per pound, f.o.b. Chase	.85
100 to 500 lbs., per pound, f.o.b. Chase	.75
500 lbs. and up, per pound, f.o.b. Chase	.66

OKLAHOMA—"Please make us up one thousand best tags. We find your tags a little better and your price a little lower than others we have tried."

ARKANSAS—"I have one of your stationary handle budding knives and have never seen a knife that would compare favorably with it."

GEORGIA—"I certainly appreciate the prompt attention given my order, also the good work done on the shears. We have been using Chase supplies for a number of years and think they are the best made."

TEXAS—"Please send us six Jumbo Pecan Grafting Knives, same as we ordered before."

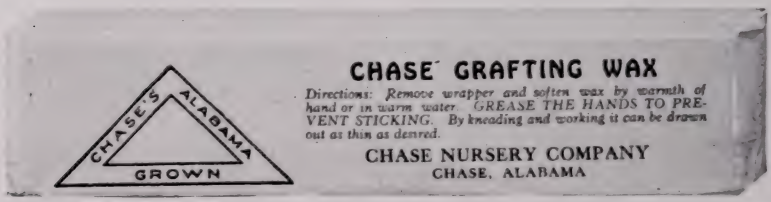
GROUND PEAT

(German Peat Moss)

For Florists, Gardeners and Propagators Use

We import direct in car lots from the moorlands of North Germany. Ground fine, forced through fine meshed sieve. Light in color; free of dust, sand and foreign matter. In bales 22x22x40 inches bound with 4 wires, 8 slats in burlap of about 12 cubic feet. HOUSED UNDER COVER, cannot guarantee weight because of some evaporation though almost dry.

The best peat we ever offered at the lowest price. **1 to 4 bales, per bale, $2.95; 5 to 9 bales, per bale, $2.85; 10 bales and up, per bale, $2.65. F.O.B. Chase.**

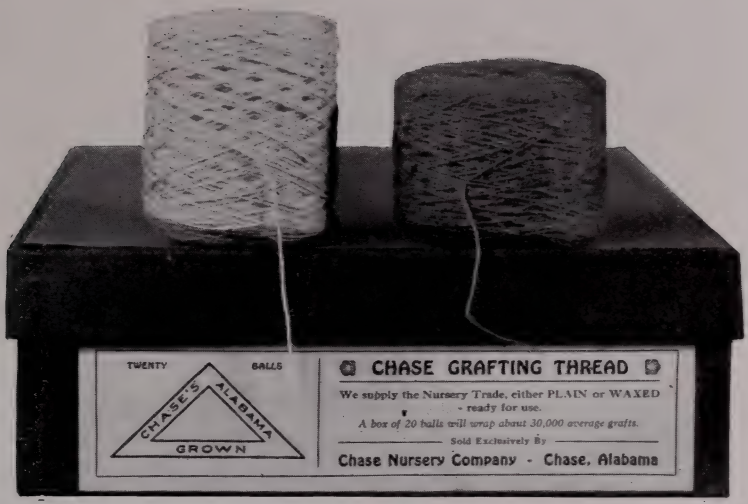


CHASE GRAFTING WAX

After the makers of Lion Brand quit we had to find a new source of supply and have secured a grade of Grafting Wax that we think equal in every respect. This is packed under our label with instructions on each package. Prepared ready for use in top grafting, applying to cuts after pruning, etc.

Price, ¼ lb. cake, postpaid, 20c; ½ lb. cake, postpaid, 35c; per pound, postage extra, 50c.

VIRGINIA—"Mighty glad to hear that you have more of the large sewing needles. You may send us two dozen. We have used this needle before, and like it much better than the 5-inch needle."



CHASE GRAFTING THREAD

For years we used and sold a thread made in New England. Its manufacture was discontinued and we and many of our friends were up a tree. A helpful cotton mill owner near by undertook to help us out and has produced a thread that exactly fills the bill. It is a shade stronger — by request; has been thoroughly tested out. All our grafts the past season were wrapped with it. Samples were sent out to large users and all have OK'd it. Our supply is sure at all times. While it does not wrap as many grafts per box yet the cost is so much less that it actually wraps more per dollar. A box of 20 balls will wrap about 30,000 average grafts. This thread is packed under our label and WE GUARANTEE SATISFACTION.

Per ball, unwaxed, postpaid, 12c.
Per ball, waxed, postpaid, 20c.
Per box, 20 balls, unwaxed, postage extra, $1.60.
Per box, 20 balls, waxed, postage extra, $2.90.

Note: See page 52 for "JOHNSON'S ADHESIVE NURSERYMAN'S TAPE" for wrapping Grafts.

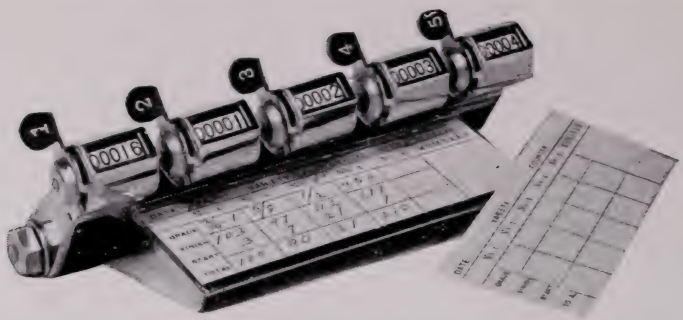
VIRGINIA—"Thank you for the prompt delivery on the 7-inch sewing needles. They are fine and just what we have been needing."

IOWA—"I have been trying out the grafting thread which you sent me some time ago. This thread seems to be just what we want. There is just enough wax to allow wrapping dry. That, to me, is a big factor since we do not have to use the hot water dip to soften the wax in order to make it stick."

GEORGIA—"Enclosed is our voucher covering the order for Grafting Wax. We received the Wax today, and I might remark that we find the composition of this wax particularly good for our purposes."

ILLINOIS—"The Mule Skin Mittens were promptly put in use and found the best we have ever had in years of experience. Kindly send another pair soon as possible."

TEXAS—"The pruners received from you, are the best we have ever used."



CHASE NURSERY ROW TREE COUNTER

Designed by Robert Chase. Accurate, quick, no guess work. Place in the hands of a good man, and as he passes down the row he presses the lever which indicates the grade of the tree. When through with a variety, the dials show the total number of each grade in the block—the only method of taking a correct grade count in the field.

The Chase Tree Counter is now used by most of the leading nurserymen.

DISCOUNT ON QUANTITY ORDERS

On orders for 3,000 and over, with no change in form or size, the following discounts will apply:

3,000 at the 1,000 price less 3%.
5,000 at the 1,000 price less 6%.

Note the large size (No. 8). This tag has plenty of room for address and Inspection Certificate on one side without crowding.

Always send copy showing how tags are to be printed. Samples on request.

Note—The No. 5 Tag is too small for Inspection Certificate. The No. 7 is too crowded if Inspection Certificate and address are used on one side. The No. 8 size is the best where Certificate is to be printed on the address side.

IF YOUR JOB CALLS FOR AN UNUSUAL AMOUNT OF TYPESETTING THERE WILL BE AN EXTRA CHARGE TO COVER.

Please compare our tag prices with others and in so doing remember that we use only **HIGH GRADE** tags as described and that **we include strings.** Our prices are right.

The Ideal Nut Cracker

IMPROVED IDEAL NUT CRACKER

This model has a good, polished finish, giving it a much better appearance than the old model which we have handled for many years. The Ideal Nut Cracker operates quickly and easily with no danger of hammered fingers. It keeps the shells from flying all over and gives you "whole meats." Comes in an attractive box, makes a very welcome holiday gift. Simply place the nut in the cracker, place the palm of the hand over nut and turn the handle just enough to crack the shell and there you are.

BAILEY'S NURSERY MANUAL

We are often asked about the best books on nursery practice and methods. If there is a better guide than this book by Dr. L. H. Bailey, we do not know of it. Contains 456 pages written in simple, non-technical language with hundreds of illustrations covering the propagation of plants from seeds, cuttings, layers, budding, grafting, etc. **Postpaid, $2.50 per copy.**

VIRGINIA—"We sincerely appreciate and admire your consistent promptness in getting out supplies."

TENNESSEE—"You surely give service on supplies. Whenever I am in the market for anything you handle, will be glad to give you my order."

ALABAMA—"Thanks for the prompt filling of my order for labels."

OHIO—"Last season one of my nursery men wore out six ordinary spades. After purchasing one of your famous Chase Alabama spades, find it has worn out six of my ordinary nursery men."
